

# Educating and Providing Services for Homeless Students

**Are your school counselors, administrative team, teachers, and support staff equipped with the tools for success in identifying and serving homeless students and unaccompanied youth?**

This one-day workshop will help equip your team with the resources they need and explore ways to support the academic and social emotional needs of our homeless children and unaccompanied youth.

- What potential barriers to identification, enrollment, attendance, and success in school may exist within your policies/procedures?
- How may those barriers be alleviated?
- What should we do as a district to uphold rights and ensure services for homeless children/youth?

## **Throughout the day, we will explore:**

- **Identification and Eligibility of Students**
- **Working with Affected Parents**
- **Managing School of Origin Disputes**
- **Transportation Issues**
- **Homeless Liaison Responsibilities**
- **Helpful Tips for School Counselors and Registrars**
